

*The Great Gatsby* tasks.

Select two options.

- 1) Create one male and one female costume/outfit (remember time frame: flappers/Jazz Age). This means making/sewing them from fabric! They must also fit real people (not dolls), and include other appropriate (hand created) accessories. Beware of anachronisms! Pairs or individual.
- 2) Write a research paper (3+ pages plus proper citations plus cover page) about mobs of the time. Also create a 1 pg newspaper with articles you write based on crimes of the Jazz Age, etc. Individual.
- 3) Rewrite the novel in modern times and language, then film your version (no weaponry props!). Condense the novel/film to ten minutes or less, focusing on the highlights of the text, and wear appropriate clothing/accessories. Groups of no more than three class members (outside "extras" are okay).
- 4) Create a CD, tape, or share-able playlist of at least ten songs from the Jazz Age to accompany the novel. Also make a visual "soundtrack," plus include images of at least five pieces of art from the Harlem Renaissance. Individual.

Projects are scored holistically, based upon the criteria set forth from your illustrated analysis page.
